## Server & Datacenter

Paid

This addon give the possibility  
to add a color to issue status at  
Glance

## ➤ Description

With this Jira 9 Server/Datacenter add-on, your Jira users will live in a full-color world! ... more beautiful than the usual and bored "blue", "yellow", "green" in the statuses of the issues. The colorization is done in the Issue Search View screen, in the Issue Screen, in the Jira Dashboard gadgets, Jira Service Management queues and Customer Portal. With this plugin your Jira will look like a pretty amazing software!. The list of colors that this plugin allows are the entire HTML common color name values. **Take a Look inside the entire list of color names**

Now compatible with the plugin "[Kanban Gantt \(jgantt\) for Jira](#)"

Now compatible with the plugin "[ALM Structure for Jira](#)" *Since version 4.2.21*

Now compatible with "[Atlassian Advanced Roadmaps/Plans](#)" *Since version 4.4.0*

*Since version 4.2.20 [New Status Colors \(FREE\)](#) plugin features are included in PRO version*

**Summary video (2 minutes):**

## ➤ Install addon

Follow the classic way to install using the *Find new apps*, as shown below

The screenshot displays the Jira App Marketplace interface. On the left is a navigation sidebar with categories like 'Dynamic Forms', 'Multilevel Structure', 'User Synchronization', 'Get Help', 'ACTIONS FOR JIRA SERVICE DESK', 'Workflow Actions', 'Get Help', 'JIRA MISC CUSTOM FIELDS', 'Getting started with JMCF', 'JIRA MISC WORKFLOW EXTENSIONS', 'Getting started with JMWE', 'JMWE Configuration', 'Groovy Console', 'Shared Groovy Scripts', 'LASTLOG-ADD-ON', 'View log', 'Thread Dump', 'SUMUP', 'Calculation rules', 'User Permissions', 'Administrator configuration', and 'THE SCHEDULER'. The main content area lists several add-ons:

- Project Management** (www.MrAddOn.com) - 253 installations, Paid via Atlassian, Buy now.
- Support Admin Tools for Jira** (www.MrAddOn.com) - 4 stars (4 reviews), 294 installations, Paid via Atlassian, Buy now/Manage.
- New Status Colors PRO for Jira** (www.MrAddOn.com) - 3 stars (3 reviews), 186 installations, Paid via Atlassian, Free trial/Buy now.
- Issue Card Printer for Jira** (www.MrAddOn.com) - 5 stars (5 reviews), 63 installations, Paid via Atlassian, Buy now/Manage.
- Kanban Gantt for Jira (jGantt)** (www.MrAddOn.com) - 8 stars (8 reviews), 422 installations, Free, Manage.

## ➤ General Configuration

We can set new color for own states easily. Just put the right color code (we can discover the right color code from this page, where there is a great explanation of all colors ) inside the **Description** field as show on following images: **(put the colorname in lowercase and between parenthesis in the description)**

example: (red), (orange) (springgreen), (black),...

**Edit status**

Name\*

Description

Explains the significance of an issue when it is moved in to this status. Descriptions of a status will appear in tooltips.

Category\*  ⓘ

Helps identify where an issue is in its lifecycle. Issues move from **To Do** to **In Progress** when work starts on them, and later move to **Done** when all work is complete.

## How to colorize the Jira System Statuses like "Backlog", "In Progress", etc using the Translate option

Since Jira 8, Atlassian overrides the status description and replaces the color for the standard one in the system statuses. This is a problem? NO 😊 We are lucky and there is a trick to change the color in Jira 8 also for those situations. It and it's easy!

Just use the **Translate** status button

⚠ You have temporary access to administrative functions. Drop access if you no longer require it. For more information, refer to the documentation.

#### Statuses

[Add status](#) [Translate statuses](#)

Name	Category	Workflows	Order	Actions
<b>Open</b> The issue is open and ready for the assignee to start work on it.	To Do	2 associated workflows	↓	Edit
<b>In Progress</b> This issue is being actively worked on at the moment by the assignee.	In Progress	3 associated workflows	↑ ↓	Edit
<b>Reopened</b> This issue was once resolved, but the resolution was deemed incorrect. From here issues are either marked assigned or resolved.	To Do	2 associated workflows	↑ ↓	Edit
<b>Resolved</b> A resolution has been taken, and it is awaiting verification by reporter. From here issues are either reopened, or are closed.	Done	2 associated workflows	↑ ↓	Edit
<b>Closed</b> The issue is considered finished, the resolution is correct. Issues which are closed can be reopened.	Done	2 associated workflows	↑ ↓	Edit
<b>To Do</b>	To Do	1 associated workflow	↑ ↓	Edit
<b>In Review</b>	In Progress	1 associated workflow	↑ ↓	Edit
<b>Done</b>	Done	1 associated workflow	↑	Edit

insert the color code in description

#### Status Translations

[View statuses](#)

On this page, you can add 'Status' translations for the installed languages. Any translations you define here will override any translations that may exist for the issue constants in your languages resource bundle. To revert to the resource bundles values just set the name/description pair to blank.

View Language Translations English (United States) View

Translation Language: English (United States)

Status	Name	Description
<b>OPEN</b> The issue is open and ready for the assignee to start work on it.		
<b>IN PROGRESS</b> This issue is being actively worked on at the moment by the assignee.	In Progress	(yellow)

Addon is compatible with Kanban Gantt and the task bars will be shown by status-colors.

## ➤ Calendar view inside addon

Since version 4.1.1 a **Calendar View inside Projects** and a **Calendar Dashboard Gadget** is available, where we can get an overview of the situation at any time.

In order to be able to activate this view, the tasks in the project must have the **DueDate** value set. In this case we have the possibility to display a calendar with this information with colors based on the status color.

As shown in the following GIF, we can display the calendar by selecting, from the left-hand sidebar, the Add-ons item and from there the new Calendar item.

The **calendar view** can be switched *on or off*. Simply activate or deactivate it, as shown in the following GIF:  
(disable the module "Issue Calendar Panel" inside the Status Colors add-on/license screen)

## ➤ Migration path from Jira Server to Jira Cloud

If you use the migration tool of Atlassian, the migration of *New Status Colors PRO* from Jira Server to Jira Cloud is automatic. But the Jira admin must review and update the statuses descriptions in order to remove the "(Migrated...)" part.

Name	Category
<b>Open</b> The issue is not yet resolved. You need to start work on it.	To Do
<b>CrossCheck</b> (jira_yellow) (Migrated on 19 Feb 2021 18:34 UTC)	Done
<b>Progress</b> This issue is being actively worked on at the moment by the assignee.	In Progress
<b>Reopened</b> This issue was once resolved, but the resolution was deemed incorrect. From here issues are either marked assigned or resolved.	To Do
<b>Resolved</b> A resolution has been taken, and it is awaiting verification by reporter. From here issues are either reopened, or are closed.	Done
<b>Closed</b> The issue is considered finished, the resolution is correct. Issues which are closed can be reopened.	Done
<b>Backlog</b> (a_lightblue) (Migrated on 19 Feb 2021 18:34 UTC)	To Do
<b>Selected for Development</b> (jira_yellow) (Migrated on 19 Feb 2021 18:34 UTC)	To Do
<b>Listo</b> (jira_green) (Migrated on 19 Feb 2021 18:34 UTC)	Done
<b>To Do</b> (a_lightblue) (Migrated on 19 Feb 2021 18:34 UTC)	To Do
<b>Warranty</b> (jira_green) (Migrated on 19 Feb 2021 18:34 UTC)	Done
<b>Planned</b> (jira_yellow) (Migrated on 19 Feb 2021 18:34 UTC)	To Do

## ➤ Audit Transitions and Time in status IssueView Panels (by Jira Users & Admins)

- With these new superpowers you will be able to see all the information you need within the Issues: A **Transitions panel** to track and audit ticket transitions, another **panel with the most relevant Transitions** and a last panel with the **time spent grouped by status** (Time in status). In addition, you will see the statuses in full color!

## Release Notes

- **18-03-2024 New compatibility with App Kanban Combined WIP**
  - Linked Issues are now colorized in Kanban board card links
- **06-03-2024 Compatible with the new JSM queues and compatible with Jira 9.14 new libraries**
- **29-01-2024 Little fix in the borders of the statuses button in the issues**
- **14-08-2023 New Features:**
  - New Audit Transitions and Time in status IssueView Panels.
  - Removed the button from the user preferences section, now the colors cache refresh automatically.
- **22-06-2022 New version compatible with new Issue View of Jira 9**

- 01-07-2022 New version compatible with Jira 9 Service Management Queues and Customer Portal
- 04-07-2022 All the features of New Status Colors (free) plugin are now included in New Status Colors PRO (autocolorization of WAITING/PENDING/ON HOLD statuses in "orange" and CANCEL/CANCELLED/DENY/DENIED/REJECTED statuses in "red") since version New Status Colors PRO version 4.2.20 (for Jira 9). Since now, NewStatusColors FREE plugin can be uninstalled.
- 05-07-2022 Now compatible with ALM Structure plugin views
- 16-12-2022 New features:
  - - Workflow statuses are now in full-color spectrum
  - Board columns statuses are now in full-color spectrum
  - Improved cache of colors, now in localStorage instead of cookies
  - Improved compatibility with Structure App

- 28-02-2023 New features:
  - Now compatible with "Atlassian Advanced Roadmaps/Plans" Since version 4.4.0
